9th December 2025

To Whom It May Concern,

I am pleased to recommend **Bader Ahmed Aljaberi**, who served as the Lead Instructor for our **Sustainable Robotics workshop** in Fall 2025. In this volunteer role, they successfully taught 30 students.

Bader demonstrated strong leadership and teaching skills. They designed a clear curriculum on building and coding robots and successfully adapted technical concepts for different age groups, ensuring all students were engaged and succeeded. Their technical knowledge and patient teaching were a great inspiration.

Bader managed all aspects of the workshop with great responsibility and initiative. I'm confident they will be successful and contributing member of your academic community.

I give them my full recommendation.

Sincerely,

Saleh Ahmed Buaneq
